

HIT YOUR UNIT GOAL AND GET A 5% BONUS COMMISSION!

At your District Popcorn Kickoff your District Executive and P.O.P.S. Team will tell you what your unit goal is for the 2017 Trails End Popcorn Sale. You are welcome and encouraged to set a higher unit goal with the Scouts, Parents and leaders in your unit. However, if your unit achieves the goal that is set for you and if you turn in this form by the deadline below, your unit will qualify for a 5% bonus commission.

The Cape Fear Council and the volunteer leadership of this year's Trails End Popcorn Sale believes that it makes sense to reward units that achieve at a high level with the 2017 Popcorn Sale. We also understand that it is important to find a way to be as consistent as possible in rewarding units for achieving goals, no matter how large or small each unit is.

The 2017 Unit Popcorn goals were set by determining how many Scouts were registered in each unit during July, 2017. Then, this figure was multiplied by \$300 to determine the overall sales goal for each unit throughout the Council. Therefore, the more youth your unit recruits prior to the end of the popcorn sale the less each Scout will have to sale on average to achieve your unit's popcorn goal. So go ahead and recruit more boys into Scouting!

If your unit qualifies for the 5% commission you must turn in this form to your District Executive or to Debrah Forcinito at the Scout Office with final payment on or before November 29, 2017. If your unit meets this deadline, 5% of your gross popcorn sales will be deposited into your Scout Shop account at the Service Center in Wilmington by December 15, 2017. ***Bonus requests turned in after November 29, 2017 will not be considered.***
